Days/Hours of Work	A typical workweek is Monday – Friday, working an eight hour day with an unpaid meal break; as determined by the assigned clinic site hours. This position may be required to work flexible hours, overtime and rotational weekends.
Location	Escambia Community Clinics, Inc.

JOB PURPOSE

The Medical Assistant (MA) position is responsible for direct clinical care of assigned patients under the supervision of the Nursing Manager, Clinical Director, Physician and/or other Health Care Provider. This requires contribution to the provision of quality clinical care through practices that support and achieve positive outcomes in patient care.

ESSENTIAL FUNCTIONS (May include the following)

1. Work directly with the assigned provider/physician or support team, following provider directives and supporting team members;
2. Monitor provider's schedule and manage "same day" appointments;
3. Prepare provider for scheduled appointments to include but not limited to labs, ancillary test results, consultation reports, Florida Shots Immunizations Registry, etc. through visit planning or huddle sheets;
4. Maintain log-ins to secure sites (i.e. hospital and insurance portals, Florida Shots);
5. Collect and prepare lab specimens and requisitions;
6. Complete process for appropriate discharge of patient to include, but not limited to, providing patient education (providing to patient written care plan and clinical summaries of relevant visits), providing appropriate referrals to Health Center's ancillary support programs such as prescription assistance, social services, mental health, laboratory, x-ray, women's health and/or case management;
7. Document all required Continued Quality Improvement (CQI) data in the patients Electronic Medical Record (EMR) and request all necessary documentation to include but not limited to: smoking, PAP Smear, Mammogram, Colonoscopies/Screenings, Immunizations, dexa scans and health surveys, etc.;

8. Updates patient prescription and allergy lists to ensure they are accurate and up to date;
9. Conducts Spirometry, EKG, Finger Stick, etc., testing as ordered and necessary;
10. Collaborate with other health care providers and provides education and/or instruction to patients and/or significant others (in accordance to HIPAA requirements);
11. Initiates or assists in clinic codes and CPR as required;
12. Participates in clinic educational programs and/or committees as requested;
13. Performs direct patient care, assessment and documentation in accordance with ECC procedures and protocols;
14. Demonstrates proficiency in the operation of medical equipment related to patient care;
15. Remains abreast of current practices and trends as they relate to patient care;
16. Follows Universal Precautions and OSHA guidelines;
17. Collects laboratory specimens, performs blood glucose monitoring, obtains specimens and performs CLIA waived testing within scope of practice and in accordance with written (EMR) orders;
18. Participates in product evaluations and submits reports and recommendations, when appropriate;
19. Provides an environment conducive to safety for patients, visitors and staff;
20. Support operations of clinic where needed and as assigned by the Nurse Manager;
21. Adheres to all ECC policies and procedures (to include but not limited to Attendance, Dress Policy, Paid Time Off, HIPAA, etc.);
22. Maintains, keeps up-to-date and provides documentation of current Medical Assistant certifications, CPR, and negative PPD status;
23. Conducts oneself at all times in a professional, pleasant and customer focused manner;
24. Performs other tasks as may be assigned to maintain the continued functioning of the organization.
